

PROJECT PROFILE

COUNCIL WASTE MANAGEMENT FACILITIES

South East Queensland
Government - Local

FAST FACTS

CLIENT	Moreton Bay Regional Council (MBRC) & Ipswich City Council (ICC)
SCALE	Dakabin Waste Facilities, Bunya Waste Facilities, Whitwood Road Landfill
DISCIPLINES	
HIGHLIGHTS	<ul style="list-style-type: none"> • Control establishment for long term monitoring • Detailed reports & plans for volume and management purposes • Survey for upgrades & facilities

JFP have serviced local council waste facility stations over an extensive period during which a wide range of survey services have been provided. Monitoring and control of landfill has been accurately surveyed with detailed calculations, tabulations and graphical data presentations to clearly provide information for site management. Contour and Detail Surveys have been provided to Engineers and Landscape Architects for facility upgrades and stormwater control.

JFP's long term involvement with Local Authority Waste Management Facilities is an illustration of JFP's ability to assist councils to meet their survey needs in even the most challenging environments.
